About DF/HCC

Dana-Farber/Harvard Cancer Center (DF/HCC) is the largest comprehensive cancer center in the world, bringing together the cancer research efforts of seven renowned, Harvard-affiliated institutions: Beth Israel Deaconess Medical Center, Brigham and Women's Hospital, Children's Hospital Boston, Dana-Farber Cancer Institute, Harvard Medical School, Harvard T.H. Chan School of Public Health, and Massachusetts General Hospital. DF/HCC consists of more than 1,100 researchers with a singular goal – to find new and innovative ways to combat cancer. For more information, visit www.dfhcc.harvard.edu.
